Boone Health appreciates your commitment to our success. We're equally committed to providing you with competitive, affordable health and wellness benefits to help you take care of yourself and your family.

Please read this guide carefully. It has a summary of your plan options and helpful tips for getting the most value from your benefit plans. We understand that you may have questions about annual enrollment, and we'll do our best to help you understand your options and guide you through the process.

This guide is not your only resource, of course. Any time you have questions about benefits or the enrollment process, you can contact your human resources representative. Although this guide contains an overview of benefits, for complete information about the plans available to you, please see the summary plan description (SPD) at [www.boone.health/benefits/insurance/benefits-plan-documents](http://www.boone.health/benefits/insurance/benefits-plan-documents).

# What's new!

## Medical

Boone Health values its employees and understands the rising cost of health care can be burdensome. As such your monthly premiums and out of pocket amounts will not change in 2022. In addition to keeping costs the same as 2021, Boone Health will be removing working spouse and tobacco user surcharges.

The tier 1 network will consist of all Boone facilities and providers, and also include Tiger Pediatrics. As a reminder, receiving care at Boone's facilities will result in the lowest out-of-pocket costs to you. For in-network providers, please continue to refer to the Cigna Open Access Plus (OAP) network. For more information, see page 9.

## Pharmacy

WellDyne will be your pharmacy benefit provider for the 2022 plan year. We encourage you to fill prescriptions at the Boone Plaza Pharmacy to ensure the lowest out-of-pocket costs. If unable to fill at the Boone Plaza Pharmacy, Walgreens and Walmart will be the in-network retail pharmacy options and may be used up to two times per year at the same copayment as Boone Plaza Pharmacy. For more information, see pages 10-11.

## Eligibility

### Eligible employees

You may enroll in the benefits program if you are a regular full-time employee who is actively working a minimum of 35 hours per week (70 hours per pay period), or a part-time employee working 24 hours per week (48 hours per pay period). As a benefits-eligible employee, you have the opportunity to enroll in benefit plans as a new hire or during the annual open enrollment period.

**If you're enrolling as a new employee**, you are eligible for benefits on the first day of employment. You must complete your online enrollment within 31 days of your hire date. Short-term and long-term disability coverage will be effective after six months of employment.

### Dependent eligibility

As you become eligible for benefits, so do your eligible dependents. In general, eligible dependents include:

- Your spouse.
- Your children up to the age of 26. This includes your natural children and those of your spouse, adopted children, stepchildren, foster children, or children obtained through court-appointed legal guardianship. If your child is mentally or physically disabled, coverage may continue beyond age 26 once proof of the ongoing disability is provided to, and approved by, HR. Additionally, children who have been named in a Qualified Medical Child Support Order (QMCSO) are covered by our plan.
- **Remember:** When enrolling a new dependent or a dependent not previously verified as eligible, you will need to provide documentation verifying their eligibility for coverage.

# Steps to enroll in 2022 benefits

## 1) Log in to Workday

### On Boone Health Network

- Select the Workday icon located on your desktop.
- Log in to Workday using your Boone network ID and password.
- On your Workday home page, navigate to your inbox and select the Open Enrollment task, then choose Let's Get Started.

### Outside the Boone Network

- Go to [www.myworkday.com/boone](http://www.myworkday.com/boone).
- On your Workday home page, navigate to your inbox and select the Open Enrollment task, then choose Let's Get Started.

Accessing Workday from home requires Imprivata, an internet security tool. If you haven't already registered and activated Imprivata, you need to download and install the Imprivata app on your smartphone. Access to the Imprivata self-services portal is only available from inside the Boone Network, so you'll need to log in using your Boone network ID and password.

### How to Add Dependents

- Select the Add New Dependent button to add a new dependent. Complete all required information. If you do not have the dependent Social Security Number (SSN) you may add them without one temporarily and document why it isn't available. However, you will need to provide an SSN or coverage will be dropped, as this is required by the IRS for ACA compliance reporting.

## 2) Complete Benefits Enrollment

- Continue with elections for medical, dental, vision, health care spending account, dependent care spending accounts, and life insurance. As you make your life insurance elections, you will need to designate the beneficiary(ies) for each policy and the percent of allocation for each.
- Click Confirm and Continue, and Save, for each plan.
- Select Review and Sign.
- Click Submit to finalize enrollment.
- Click on the View 2022 Benefits Statement button to view the benefits statement.
- Click Print to generate a PDF version for your records.
- Click Done.

### Please note

You may go into Workday to change elections as often as you want during the open enrollment period. Please ensure that you SUBMIT and finalize enrollment again if you make additional changes. The enrollment site closes at 11:59 p.m. on Friday, November 12th. At that time, all submitted elections are final.

# A few notes about enrolling in benefits

## You should enroll if you want to:

- Continue participating or enroll in a tax-saving Flexible Spending Account (FSA). Current spending account elections will not carry forward to 2022.
- Make changes to your current coverage.
- Add or remove a dependent.

NOTE: If you are currently enrolled in medical, dental, vision, employee or dependent supplemental life insurance, additional accidental death & dismemberment insurance, long-term disability insurance, or legal services for 2021, your coverage will remain at the same level in 2022 unless you actively make changes during annual enrollment.

## Making changes during the year

Once enrolled, you can only make mid-year changes to your benefits during the plan year within 31 days of a change in life status (qualified life event). The changes you are eligible to make mid-year depend on the type of life event you have experienced. If you don't enroll within 31 days of your life event, you will not be able to make changes to benefits coverage until the next annual enrollment period.

Here are some examples of qualifying life events:

- Birth, legal adoption, or placement for adoption.
- Marriage, divorce, or legal separation.
- Dependent child reaches age 26.
- Spouse or dependent loses or gains coverage elsewhere.
- Death of your spouse or dependent child.
- Spouse or dependent becomes eligible or ineligible for Medicare/Medicaid or the state children's health insurance program.
- Change in residence that changes coverage eligibility.
- Court-ordered change.
- Spouse's open enrollment that occurs at a different time than yours.

The IRS requires that you make changes to your coverage within 31 days of your qualifying life event. You'll need to provide proof of the event, such as a marriage certificate, divorce decree, birth certificate, or loss-of-coverage letter.

Please remember to have documentation for your dependents and spouse when enrolling in benefits such as a marriage license or birth certificates. Dependent Verification document review will be performed at Boone.

# Life and accidental death and dismemberment (AD&D) insurance

VOYA | [WWW.PRESENTS.VOYA.COM/EBRC/BOONEHEALTHINC](http://WWW.PRESENTS.VOYA.COM/EBRC/BOONEHEALTHINC) | 800.955.7736

Boone Health's comprehensive benefits package includes financial protection for you and your family in the event of an accident or death. Basic life and AD&D coverage are provided automatically at no cost to you upon employment. You have the option to buy supplemental life and AD&D insurance for yourself, additional AD&D insurance for yourself and your family, and dependent life insurance for your spouse and children.

In the event of your death, the life insurance policy provides a benefit to the beneficiary you designate. If your death is the result of an accident, or if an accident leaves you with a covered debilitating injury, you are covered under the AD&D insurance for the same amount.

For more information, please visit [www.boone.health/careers/benefits/insurance/life/](http://www.boone.health/careers/benefits/insurance/life/) to view the Voya Benefits at a Glance documents.

## Key features

- Full-time employees are covered at one times their annual base salary.
- Part-time employees are covered at \$15,000.

## Age reduction schedule

- Ages 70 to 75: Benefit decrease to 55% of original benefit.
- Ages 75+: Benefit decrease to 35%.

## Here are some helpful insurance terms

**Imputed income:** Federal regulations require payment of income and Social Security taxes on the value of the life insurance premiums in excess of \$50,000 when paid for by your employer. The value of dependent life coverage paid for by your employer is also taxable. These values are known as imputed income. Contact your tax professional for information regarding these tax consequences if you have questions or concerns.

**Age reduction:** The group term basic life and AD&D insurance coverage are subject to a reduction in benefit amount as you age.

**Portability and conversion:** Portability and conversion are available if your employment with Boone Health ends. Portability allows you to continue your term life coverage, while the conversion option allows you to convert your term life policy into an individual whole life policy.

# Supplemental life and AD&D insurance

# Short-term and long-term disability plans

LINCOLN FINANCIAL | [WWW.MYLINCOLNPORTAL.COM](http://WWW.MYLINCOLNPORTAL.COM) | 888.408.7300

Boone Health offers two employer-paid disability plans by Lincoln Financial Group to provide financial assistance in case you become disabled or unable to work due to a non-work-related accident or illness.

## Short-term disability

Boone Health provides full-time and part-time employees with short-term disability (STD) benefits at no cost after they have completed six months of employment with Boone. Employees may file a claim for STD benefits if they foresee a need to be out of work for a health care need, such as a surgery or childbirth.

If the employee's claim is approved, Boone's STD benefit will pay 60 percent of an employee's weekly earnings up to \$2,500 per week for 25 weeks (or 180 days). While disabled, employees are required to use PTO at 100 percent for the first five days, followed by 40 percent each day until their PTO is exhausted or they return to work.

## Long-term disability (LTD) plan

Full-time employees who have been with Boone Health for six months are eligible for a long-term disability (LTD) benefit equal to 50 percent of their base pay, up to \$8,000 per month at no cost.

## Long-term disability insurance option

The LTD benefit is paid for by Boone Health; there is no cost to you.

- Full-time employees have the option to purchase an additional 10 percent in coverage to a maximum of \$10,000 per month.
- Part-time employees have an option of purchasing 60 percent in coverage to a maximum of \$10,000 per month, after completing six months of employment with Boone Health.

## Employee costs for long-term disability insurance

The cost of LTD insurance is a pre-tax, per-pay-period deduction for full-time employees, and after-tax, per-pay-period deduction for part-time employees, based on 26 pay periods a year.

# Flexible spending account (FSA)

WEX | [WWW.WEXINC.COM](http://WWW.WEXINC.COM) | 866.451.3399

Flexible spending accounts (FSAs) reduce your taxable income by allowing you to set aside pre-tax dollars to use toward eligible health care and dependent day care expenses throughout the year. This pre-tax deduction lowers your taxable income, reducing the amount of tax you owe on your biweekly paycheck. You do not have to be a member of the Boone medical, dental, or vision plan to enroll in an FSA.

TAX-FAVORED ACCOUNT

Boone offers you two types of FSAs, both administered by WEX.

## Health Care Flexible Spending Account

The health care FSA can be used to pay for eligible out-of-pocket **medical, dental, vision, and prescription drug expenses.**

VANGUARD | [WWW.VANGUARD.COM](http://WWW.VANGUARD.COM) | 800.523.1188

The Boone retirement plan offers tax advantages as well as generous company-matching contributions (subject to IRS limitations).

## Boone Health 401(k) and 403(b) plans

- The contributions you select are automatically deducted from your paycheck on a pre-tax basis.
- Roth option: Contribute to your retirement account on an after-tax basis.
- Employees hired or rehired will be automatically enrolled at a deferral rate of 4 percent.
- Boone Health wants to help you save more for retirement by offering a company match. For every \$1 you contribute of the first 8 percent of your pay, Boone Health will contribute \$1.
- To help you save more in the plan each year, in January of each year, the contribution rate automatically increases by 1 percent (to a maximum of 8 percent), provided that a contribution change has not been made at any time after your automatic enrollment.

### To explain employer matching:

- If an employee contributes 4%, Boone will match this at 4%.
- If an employee contributes 8%, Boone will match this at 8% (the maximum employer match).
- If an employee contributes 10%, Boone will match only up to 8%.
