GI Procedure Preparation

PREPARATION INSTRUCTIONS FOR GI PROCEDURE AT BOONE HOSPITAL CENTER

Appointment date: _____

Check in time: _____

Do these things 7 DAYS BEFORE the procedure:

- | | |
|--|---|
| <ul style="list-style-type: none">• Arrange a ride: You will be given medicine that makes you relax and sleepy, so you cannot drive a car. If you arrive without an escort, your procedure may need to be rescheduled.• Uber, taxi, or transportations such as Oats bus are not an option unless you have an escort to ride with you.• If you take any blood thinners, call your primary doctor or cardiologist to see if you can safely stop this medication before your procedure.• Please note the date and time you are to stop the blood thinners. | <ul style="list-style-type: none">• BLOOD THINNERS AND ALL OTHER MEDICATIONS SHOULD BE ADDRESSED BY YOUR PRIMARY PHYSICIAN, PRESCRIBING PHYSICIAN, INTERNIST OR SURGEON. |
|--|---|

Do these things 3 DAYS BEFORE the procedure:

- | |
|---|
| <ul style="list-style-type: none">• Confirm your ride• If you have questions or need to cancel your appointment, call 573-815-6344• Review the prep and diet you need to follow for the procedure. |
|---|

Do these things ON THE DAY OF the procedure:

- | |
|---|
| <ul style="list-style-type: none">• No food, drink, tobacco products or gum after midnight.• You may have sips of water or black coffee (no creamer) until 3 hours before your check in time• Adhere to the medications you should take before the procedure.• Bring a list of your medications with you and the time and dates you last took them.• Go to the south entrance, the Outpatient Service Entrance and check in on the ground floor at your scheduled check in time.• There is no need to arrive early. Once registered, you will be directed to the 3rd floor (GI Lab). |
|---|
